SUMMARY

Strategic and analytical Program Manager with 4+ years of experience in operations, data analytics, CRM optimization, and cross-functional leadership. Proven ability to drive growth, improve partner engagement, and streamline workflows using SQL, Python, R, and Salesforce. Strong background in A/B testing, educational program analysis, and creator ecosystem insights. Passionate about enabling creator success and business innovation in fast-paced environments like YouTube

EXPERIENCE

NYU Center for K12 STEM Education, **Business Data Analyst**

Apr 2024 - Apr 2025

1. Designed interactive dashboards in Tableau to visualize educational performance metrics, supporting data analysis for process enhancements and equipment performance
2. Analyzed student program data using SPSS, STATA, and Excel, increasing resource efficiency by 20% through preventative maintenance insights
3. Developed wireframes and data reports, translating complex insights into actionable recommendations for safety programs and reliability improvements
4. Collaborated with cross-functional teams to implement efficiency statistical analyses, driving student and partner-focused outcomes in an ambiguous environment

Infosys, **Systems Engineer**

Feb 2022 - Oct 2023

1. Optimized CRM workflows and internal reporting in Salesforce, increasing team productivity by 25%.
2. Developed ETL pipelines and automated OBIEE dashboards, reducing data refresh cycle time by 30%.
3. Conducted root cause analysis and SQL query tuning, leading to a 10% boost in data processing efficiency.
4. Partnered with M&E stakeholders to implement preventive maintenance solutions via CRM-backed workflows.

Gandhi Desam Social Welfare Trust, **Personal Secretary Advisor**

May 2020 - Feb 2022

1. Advised on strategic partnerships and delivery station operations, improving efficiency by 40%.
2. Created financial policy dashboards for equity markets using R, enhancing business intelligence by 20%.
3. Mentored technicians on data visualization and analytics, fostering a data-first organizational mindset.
4. Advised strategic partnerships, leading to a 40% improvement in operational efficiency for Delivery Stations

Amazon, **Logistics Intern**

Jan 2020 - Mar 2020

1. Designed data models for supply chain efficiency, reducing lead times by 15% in Fulfillment Centers and Delivery Stations Conducted A/B testing on delivery models to optimize fulfillment speed, increasing on-time deliveries by 35%
2. Created data-driven insights dashboards using Tableau, supporting equipment performance and reliability improvements
3. Worked with industrial engineers and ops managers to pilot safety enhancements in fulfillment workflows.

EDUCATION

Harvard Business School

Certificate • Disruptive Strategy

May 2025 – Jun 2025

Passed with Honors; mastered strategic innovation frameworks including Jobs To Be Done, Innovation Alignment.

University of New Haven

Masters • Business Analytics

Aug 2023 - Apr 2025

Focused on advanced business analytics techniques, including data mining, Supervised Machine learning, statistical analysis, Global supply chain and business intelligence. Developed skills in SQL, Tableau, Microsoft power BI, R and Python to analyze and interpret complex data sets.

Acharya Nagarjuna University

Bachelors • Civil Engineering

Aug 2017 – Apr 2021

Focus on computer programming languages like C,C++ in 1st sem, project planning, infrastructure optimization, safety-first operations, and Urban Mobility

LICENSES & CERTIFICATIONS

1. **Salesforce CRM & OBIEE (Infosys Internal) AI & Machine Learning Focused on AI-driven optimization and forecasting**
2. **Microsoft Azure Fundamentals (AZ-900)- Cloud basics for scalable, secure, data-driven applications (valuable for analytics & DevOps).**
3. **Certified SOC Analyst (CSA)- Foundations of data privacy, IT security, and compliance (relevant to both startups and enterprise systems).**
4. **ITIL Foundation & ServiceNow Administration- Knowledge of IT service management, incident handling, and system maintenance**
5. **Business Communication – Level 5, Advanced communication skills applicable to team leadership, reporting, and stakeholder management.**
6. **Agile Project Management & Active Directory with PowerShell (Infosys Certified)**

CORE SKILLS & TOOLS

- **Program & Strategy:** Skilled in program Development & management, operational strategy, process optimization, and driving business improvements.
- **Technical & Analytical:** Proficient in SQL, Python, R, Tableau, A/B testing, Excel, Apps Script, Power BI and CRM tools like Salesforce, OBIEE, dashboard automation for data-driven decision-making.
- **Industry Knowledge:** Experienced in the creator ecosystem and sales-marketing strategies within tech and digital platforms cross- functional collaboration in Creator Ecosystem (Google, YouTube, TikTok, Twitch, Meta Instagram)
- **Communication & Leadership:** Agile & Cross-team Strong communicator and collaborator with expertise in stakeholder engagement, presentations, and teamwork.

LEADERSHIP AND CAMPUS INVOLVEMENT

- **Start-Up and Innovation Cell, Student Coordinator** *Feb 2019 – Aug 2022*
Organized innovation-driven events, mentored peers on startup concepts, and supported early-stage ideation aligned with entrepreneurial goals including CredX.
- **National Service Scheme (NSS), Student Coordinator** *Jun 2018 – Aug 2022*
Planned and executed community-focused initiatives and awareness programs in collaboration with government units, demonstrating strong coordination and outreach skills.
- **Graduate Student Involvement, University of New Haven** *Sep 2023 – Jan 2025*
Actively participated in data analytics student workshops, case competitions, and campus networking events focused on analytics, supply chain, and emerging tech trends

PUBLICATIONS AND PATENTS

1. **International Patent – German (DNR: 20 2022 103 189.4, Code: G11586DE):**
“A Novel Centralized IoT-Based Cloud-Engaged Self-Sustainable Herbal Liquid Carrier for Logistics & Supply Chain Management” -Innovation integrating IoT and cloud technology for sustainable logistics solutions
2. **YouTube Market Strategy (Personal Project): Conducted competitive analysis of creator monetization trends across TikTok and YouTube; developed dashboard tracking creator engagement metrics Published in peer-reviewed engineering journals.**
3. **Journal Publication – ANU Journal of Engineering and Technology (ISSN: 0976-3414):**
“Design & Development of Bullet Proof Vest” - Focused on materials engineering and structural analysis for safety applications.
4. **Academic Research Project: “Traffic Volume & Speed Studies at Urban Stretches” - Conducted under the guidance of Dr. T.V.S. Varalakshmi, focused on urban transport analytics and civil infrastructure optimization**

HONORS & AWARDS

- **Provost Scholarship Award, University of New Haven**
University of New Haven •
Highest merit-based academic scholarship
- **Harvard Business School Online – Disruptive Strategy**
Harvard Business School Online •
Selected for prestigious executive-level certificate program
- **National Winner, Smart India Hackathon – Hardware & Software Edition**
- **Top 10 Innovation Award,**
*Titan Wear Hacks – National Innovation Challenge 2nd Place,
Student Engineering Model – India International Science Festival,
1st Prize, National Level Tech Talks – Lakshya 2019
Golden Torch Award, ANUCET National Technical Fest – 2019
NSF & Swami Dayananda Merit Scholarship, 2018–2019
Research Paper Presentation, Young Scientist Conference – IISF 2020
Team Captain, Engineering Volleyball Champions – Intercollege Tournament*
